→	Right	Turn right onto Bridge before intersection of Putah Creek Rd & Railroad Ave	125ft	66.6mi
		End at Rotary Park Parking Lot	128ft	66.8mi

Winters 3 Hills + Davis Loop

Winters 3 Hills Loop - Start at Rotary Park across from Steady Eddies, 5 E Main St, Winters, CA

Here are four basic bicycling tips:

- Maintain control of your bicycle.
- Protect yourself—reduce the risk of head injury by **always wearing a helmet**.
- Be visible, alert, and communicate your intentions.
- Ride with traffic.

Maintain Control of Your Bicycle

There are many things you can do to control your bicycle, even in an emergency. First, ensure your bicycle is the right size and properly adjusted to fit you. A properly fitted bicycle is easier to control, more comfortable, and causes less fatigue. A bicycle shop can help you choose the correct size bicycle. Ensure your bicycle is in good working order by inspecting it regularly.

Be Visible and Alert

Even if you obey all traffic laws, there is always a risk of being hit by a motorist who is not obeying the laws, or who simply does not see you. Ride carefully—vehicles waiting at stop signs, in driveways, or parking spaces may suddenly pull out in front of you. Watch for vehicles that have just passed you and may turn right, as well as vehicles coming the opposite way that may turn left in front of you. Be prepared to stop or take evasive action. **You must obey all stop signs and traffic lights at all times!**

Have Fun and Enjoy the Ride!
